WE ARE

Disciple-makers: Investing in a new generation of key leaders.

Biblical: Making disciples at home, in the church and in the community.

Transformational: Focusing on living out what we believe, not just more information.

Community: Creating space for authentic, caring relationships that result in the growth and multiplication of disciples.

Integrative: Emphasizing the practical application of spiritual values in all areas of life.

Multipliers: Leading leaders to mentor and train other disciples to multiply.

Over **11 million** Ukrainian citizens (mostly woman and children) seeking shelter have crossed into our Polish borders. Over **1.5 million** of them have decided to stay in our country.

Story of the New Hope Distribution Center founded by Golden Apple Institute.

Agnieszka Kowalewska,
VP of Golden Apple Institute

There are many images I remember from the beginning of the war in Ukraine that began February 2022. I want to share my story of the New Hope Distribution Center.

Mass escape of mothers with children from Ukraine; a group of women gathered in the square of one of the cities in Ukraine, weeping and praying; and, remarkably, the strength of the Polish nation, which surprised the whole world with its love and generosity.

And I?

In all of this, I asked myself, “What is my place? What can I do?”. An inner voice (and I believe it was a whisper of God) was clearly telling me: “Do everything you can and use everything you have. Use WHO YOU ARE”.
